STEP 1

Put back rest and seat together

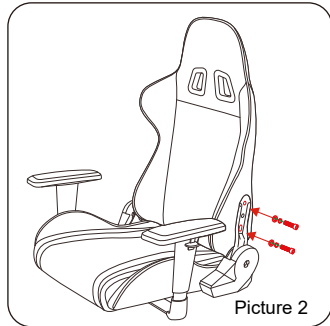

Put the back rest and seat together like Picture 1. Please pay attention to the red circle above (left and right sides) which needs to line up with the holes in the backrest.

STEP 2

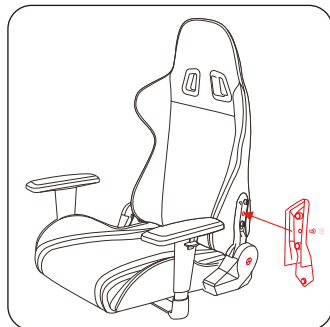

Lock the back rest and seat

Install the bolts on the left and right side as per the picture step by step.

(Please remove the bolts that are pre-mounted on the backrest; two bolts are located on each side of the backrest. Place the backrest on the seat. Begin at the right side where the tilting handle is located. Screw both bolts on the right side half way in and then screw in the two bolts on the left side. Now tighten the bolts on both sides)
